

HEALTHCARE IT SOLUTIONS

Founded in 1983, we specialize in Healthcare IT, Medical Informatics, Medical Terminology, UML modeling, Enterprise Architecture, and Model Driven Architecture (MDA).

We are a force behind the information modeling of electronic health records for the Veterans Health Administration (VHA) and the Federal Health Architecture (FHA). We have over 10 years experience with defining international standards for Healthcare IT. Our personnel are active with data standards organizations such as HL7, NCPDP, OMG, LOINC, & IHTSDO.
